The Syllabus

A six-module educational syllabus was created to support AI literacy, social inclusion, ethics, digital citizenship, and active civic participation.

Teacher Training in Paris

Partners gathered in Paris, France, to develop and validate the AI Education Syllabus, exchange innovative teaching practices, and strengthen educators' competences in teaching Artificial Intelligence through inclusion and civic participation.

Student Mobility in Türkiye

Students and teachers from partner countries travelled to İzmir, Türkiye, where they participated in international AI workshops, intercultural activities, and collaborative learning sessions.

National Student Camps

Partners implemented student camps, classroom activities, testing sessions, and practical workshops based on the syllabus topics.

Follow our Journey!

The complete syllabus and learning materials are available on the project website in seven languages.
